Money received from commutation for rifle practice will be taken up and accounted for by accounting officers in the same manner and at the same time that they account for Annual Allowance Warrants.

1. The following information relative to the Annual Allowance of State moneys to the various headquarters and organizations of the Pennsylvania National Guard, as per Act of Assembly approved May 17, 1921, and the method of accounting for same, is herewith published for the guidance of all concerned.

WHEN ACCOUNTING IS TO BE MADE.

The reports will be forwarded to The Adjutant-General by accounting officers *between June 1st and June 15th, 1922, and will cover the fiscal year ending May 31, 1922. The Report of Armory Rent will be made on Form No. 6, A. G. O., and the Report of Annual Allowance on Form No. 5, A. G. O., and disbursements as credits on said reports to be made on Form No. 40, A. G. O.* The specific instructions contained upon the blank forms of report must be strictly complied with. The Annual Allowance Report will be filed by all Commanding Officers who have received Annual Allowance moneys, and the Armory Rent Report will only be filed by such accounting officers as may have received Armory Rent Allowance.

ANNUAL ALLOWANCE TO VARIOUS HEADQUARTERS.

Section 38, Act of Assembly approved May 17, 1921, provides:

"The necessary military expenses of general, division, brigade, regimental, and separate battalion headquarters, including clerk hire and other actual outlays, shall be paid by the Adjutant General, in the usual manner, on the usual lawful vouchers to that effect, duly sworn to or affirmed to by the commanding officer or the officer charged with the payment of the same; such expenses in no event to exceed four thousand dollars (\$4,000) per annum for the division, five hundred (\$500) dollars for each brigade headquarters, one thousand dollars (\$1,000) for each infantry regimental headquarters, seven hundred and fifty dollars (\$750) for each regimental headquarters of arms of the service other than infantry, two hundred and fifty dollars (\$250) for each battalion headquarters not a part of a regiment."

The law fixes the maximum amount that can be expended during the fiscal year, and for which reimbursement can be claimed or made.

If less than the maximum amount be expended reimbursement will be made only for amount expended.

The Commanding Officer at each headquarters will render the account showing to whom, when, and for what purpose expenditures have been made, and file with the account duly receipted bills as sub-vouchers.

Blank Form No. 5, A. G. O. (Annual Allowance report), will be used for rendering account.

ANNUAL ALLOWANCE TO COMPANIES OF INFANTRY,
BATTERIES OF ARTILLERY, TROOPS OF CAVALRY,
ENGINEER COMPANIES, SIGNAL TROOPS, ETC.

Section 34, Act of Assembly approved May 17, 1921, provides:

"Organizations of the Pennsylvania National Guard found, upon examination of the reports made by an inspecting officer duly detailed for that purpose, to be up to the standard required in strength, drill, discipline, and efficiency, shall receive in annual allowance the following money per annum, which shall be used and expended solely for military purposes, and for the use and benefit of the organization; For dismounted troops, at the rate of ten dollars (\$10) per man per year: Provided, That no organization shall receive less than a minimum sum of five hundred dollars or more than a maximum sum of nine hundred dollars per annum; for mounted or motorized troops, at the rate of fifteen dollars (\$15) per man per year: Provided, That no such mounted or motorized organization shall receive less per year than a minimum sum of seven hundred and fifty dollars and more than a maximum sum of one thousand two hundred dollars per year. Such allowances shall be computed by the Adjutant General from the strength of the unit as reported on May thirty-first of each year. Newly organized units shall receive a pro rata share of the above named allowance for the portion of the fiscal year in which they are in service: Provided, That such allowances be based on the actual strength of the organization at the time of its entrance into the service; the said allowances to be paid by the Adjutant General in the usual manner to the commanding officer of the respective organization; but it shall be the duty of the Adjutant General, before paying any of the said allowance in money, to procure, by purchase or otherwise, and issue for each enlisted man not already provided therewith, such articles of dress uniform and such articles of service uniform and equipment as are required for field service, and also such mess tents, kitchen tents, and military stores required by the respective organizations, not furnished and paid for out of Federal funds, and charge the cost of same to

the said annual allowance; and the balance, if any, to be paid and disbursed as hereinafter provided: Provided, however, That any regiment, battalion, squadron, or company may, at its own expense, provide itself with other uniforms of such style and pattern as a majority of its officers may select and the Governor as Commander-in-Chief approve, which uniform shall be the property of the organization or the individual members thereof. No portion of any allowance made by the State to any organization shall be expended in procuring such special uniforms or in repairing or caring for the same. No part of the annual allowances paid under the provisions of this act to the several organizations of the Pennsylvania National Guard shall be used in the purchase, erection, or construction of any armory, unless the title thereto be vested in the Commonwealth. The commanding officer of each organization shall at such time as the Governor as Commander-in-Chief may direct, make a return to the Adjutant General, containing an itemized account and statement of all disbursements of the money appropriated and paid to said organization and not previously accounted for, which account and statement shall be verified by the proper original vouchers for such disbursements; this accounting to be made under and in accordance with such regulations as may be prescribed by the Commander-in-Chief."

ARMORY RENT ALLOWANCE

"Section 36. The commanding officer of each organization, excepting division, brigade, regimental, squadron, or battalion headquarters, in addition to annual allowances provided for herein, and under the same requirements, and not occupying an armory owned by the Commonwealth, shall be paid an annual allowance of two hundred dollars (\$200) by the Adjutant General in the usual manner; said annual allowance to be devoted exclusively to the payment of rent of armory."

PENALTY FOR EMBEZZLING, MISAPPLYING, OR IMPROPERLY RETAINING POSSESSION OF
STATE MONEY.

"Section 39. Any commissioned officer or enlisted man of the Pennsylvania National Guard who shall embezzle, misapply, or convert to his own use, without authority, any moneys received by or entrusted to him for disbursement, shall be deemed guilty of a misdemeanor, and, on conviction, shall be sentenced as for other like offenses under the penal code of this State."

II. The fiscal year for organizations of the Pennsylvania National Guard, and to which Annual Allowances apply, ends on May 31st of each calendar year, and reports accounting for allowances must be filed in The Adjutant-General's Office not later than June 15th.

Reports of Annual Allowance and Armory Rent must be made in June of each year.

Commanding officers of companies of infantry, troops of cavalry, batteries of artillery, engineer companies, etc., will forward reports through Regimental Headquarters, and thence direct to The Adjutant-General.

Commanding officers of Signal Troops, Truck Companies and Special Troops will forward reports through immediate Headquarters, and thence direct to The Adjutant-General.

Commanding officers at Headquarters through which reports are forwarded will carefully examine same, see that all vouchers submitted are properly and fully accomplished, and will familiarize themselves with the financial condition of the respective organizations, and the character of expenditures for which vouchers are filed.

III. Accounting Officers will observe the following:

- a. Disbursements for which credit is taken must be supported by *original itemized vouchers duly receipted as required by form of voucher issued from The Adjutant-General's Office.*

Duplicate vouchers must be filed with the retained copy of the report.

- b. Articles or stores purchased from the State moneys, and not expendable in character, will be charged to State property account of the organization in The Adjutant-General's Office, and accounting officer so advised.
- c. Expenditures made from Annual Allowance account for subsistence in camp, except in case of subsistence provided for advance details, detailed to erect camp, will not be approved.

- d. Expenditures from Annual Allowance account for Armory Rent, in cases where the rent paid exceeds the Armory Rent Allowance from the State, will only be approved when permission has been specifically given by The Adjutant-General's Office, and when so given the fact must be noted on the voucher, giving date of permission, *and must in each instance show period for which Armory Rent is paid.*
- e. Commutation for Rifle Practice where claimed and allowed by The Adjutant-General and paid by the State Treasurer, will be accounted for the same as Annual Allowance money, the warrant voucher being taken up and charged on the debit side of the report of annual allowance (Form No. 5, A. G. O.) and disbursed in the same way as Annual Allowance money. In other words, Rifle Practice commutation although paid on account of rifle practice qualification, should be treated as additional Annual Allowance and used to augment the annual allowance account.
- f. In cases where accounting officers have received any balances of State funds from their predecessors in office, either direct or through The Adjutant-General, or from The Adjutant-General in settlement by sureties on bonds of delinquent accounting officers, the same will be taken up on the debit side of Financial Report, stating clearly amount, and when and from what source received.
- g. Armory Rent Allowance can only be used in payment of Armory Rent, and for no other purpose. Leases for armories may include in the rent of armory, heat and light, and where so included may be paid from Armory Rent Allowance. *Vouchers filed covering payment of Armory Rent must show period for which payment is made.*
- h. In cases where a commanding officer has paid assessments for expenses in camp, or on account of expenses of regimental rifle team, or for use of regimental band, or otherwise, a statement showing in detail all receipts and expenditures must be furnished to each officer paying such assessment, by the officer to whom the assessment is paid and who disburses same. The statement so furnished will be filed with the vouchers as supplemental thereto. Vouchers for assessments unaccompanied by statement will be disapproved.
- i. *In cases where an accounting officer files a voucher covering payment to himself for sundry expenditures, sub-vouchers supporting such expenditures must be filed with the voucher.*
- j. All vouchers must be fully itemized, and made as self-explanatory as possible.
- k. Accounting officers are prohibited from keeping any State funds in a *personal account*, or from depositing *personal or other funds that are not State funds* in an account in which

State funds are deposited, except where State funds are deposited with a regimental treasurer, properly bonded, accounting officers must open an account in their official designation and with a reliable trust company or bank, and no checks are to be drawn against such an account *except for proper military purposes*.

IV. Reports received will be audited promptly by The Adjutant-General, and if found to be correct and are approved, a warrant will then be drawn upon the State Treasurer to the order of the proper accounting officer for the first half of the Annual Allowance for the fiscal year beginning June 1st, 1922.

V. The Annual Allowance and Armory Rent accounts for the several organizations will be closed on May 31st for the year ending May 31st, 1922, and warrant for balance due will be drawn upon the State Treasurer, and based on such warrant the official check of the State Treasurer for the amount of the warrant will be transmitted direct on or before June 10th, 1922, except in cases where a vacancy in the captaincy of an organization exists, or where officers are delinquent in filing reports for the previous year.

The check of the State Treasurer for amount due for year ending May 31st, 1922, will be taken up and accounted for in report for year ending May 31st, 1922, which check should be received not later than June 15th, 1922, by accounting officers to whom a balance may be due, and who are qualified to receive same.

VI. Blank forms on which reports are to be made will be sent direct from The Adjutant-General's Office to accounting officers immediately after May 31st, 1922.

Governor and Commander-in-Chief.

Federally recognized organizations having a required minimum maintenance strength of less than sixty-five, as prescribed in Regular Army tables of peace strength, must have the complete minimum number required by such tables enrolled to authorize their attendance at camp.

7. In accordance with paragraph 932, National Guard Regulations, 1922, in organizations which are not required to maintain a strength of at least sixty-five active members, 60 per cent. of the actual enlisted strength must attend field training—that actual enlisted strength being not less than 60 per cent. of the minimum Federal recognition strength. For those organizations which are required to have a maintenance strength of at least sixty-five active enlisted members, 60 per cent. of the 65 active members must attend field training, i. e., thirty-nine active enlisted members. Where organizations have an active enlisted strength enrolled above sixty-five, they must have at least 60 per cent. of their actual enrollment present. Organizations not attaining these requirements cannot receive Federal pay. Commanding officers of organizations are especially charged with the responsibility of seeing that transportation is not issued to organizations which do not meet these requirements.

8. In all cases at least 50 per cent. of the actual commissioned strength of an organization must attend camp to authorize the organization to draw Federal pay and receive Federal transportation.

9. Advance details will be designated, who will precede their respective organizations by a period not to exceed two days, for the purpose of preparing camp for occupation. Similar detachments may be detailed for a like period after the encampment for the purpose of demobilizing the same. Advance details for the second, third and fourth periods, and details for demobilization for the first, second and third periods will be attached to organizations then encamped for rations and administration.

10. Organization commanders will determine prior to leaving home station for camp the cause of absence of any member or members of their command, and immediately after arrival in camp will submit to their regimental or separate battalion commander, for transmission to the Instructor assigned to duty with their unit, a detailed list of absentees, showing cause of absence in each case.

11. Combination U. S. and State Muster and Payroll will be issued to the Commanding Officer of each organization direct from the office of The Adjutant General. Officers preparing this roll will read carefully all instructions on last page.
